

COMPRESSOR

makeup compressor

mini air compressor

makeup compressor

MDC-10

Product Description

The lightweight (455g / 0.99lb), palm-sized designed mini air compressor that is quiet, high powered. Our compressor can be used for makeup, temporary tattoos, finger nail art, hobby applications and cake decorating. All speeds for all needs.

- Oil-less piston air compressor
- Power adaptor: 100 – 240V 50-60 Hz
- Equipped with 1.5 M air hose
- Airbrush holder
- Available in Black, White, and Red

Product Details

Voltage : 100-240V~50/60Hz
Airflow : 11 lpm
Present max pressure : 30 psi
Size : L10×W9.4×H5.8 cm
Weight : 0.45kgs / 0.99 lbs

makeup compressor

MDC-12

Product Description

The lightweight (455g / 0.99lb), palm-sized designed mini air compressor that is quiet, high powered. Our compressor can be used for makeup, temporary tattoos, finger nail art, hobby applications and cake decorating.

MDC-12-01K

Product Description

The lightweight (455g / 0.99lb), palm-sized designed mini air compressor that is quiet, high powered. Our compressor can be used for makeup, temporary tattoos, finger nail art, hobby applications and cake decorating.

- Oil-less piston air compressor
- Power adaptor: 100 – 240V 50-60 Hz
- Equipped with 1.5 M air hose
- Airbrush holder
- AB-212C(0.2mm) airbrush
- Available in Black, White

Product Details

Voltage : 100-240V~50/60Hz
Airflow : 11 lpm
Present max pressure : 30 psi
Size :L10×W9.4×H5.8 cm
Weight : 0.45kgs / 0.99 lbs

mini air compressor

Densei Air

MIA 01

Product Description

Small- Soundless- Durable – Powerful
Low maintenance, oil-less piston air compressor
Compressor shuts itself off automatically when not in use
Produces full capacity air on demand

| Zero- maintenance, oil-less piston air compressor
| Auto On/Off of 40 psi/60 psi

Product Details

Airflow : 14-18 lpm
Weight : 3.7kgs/ 8.2lbs
Size : L21 x W14.5 x H17 cm

MIA 01FG

Product Description

Small- Soundless- Durable – Powerful
Low maintenance, oil-less piston air compressor
Compressor shuts itself off automatically when not in use
Produces full capacity air on demand
Moisture filter prevent pulsation
Quiet to operate at home, even in an apartment or dorm
Great for airbrush applications

- Detachable moisture filter and gauge set
- Zero- maintenance, oil-less piston air compressor
- Auto On/Off of 40 psi/60 psi

Product Details

Airflow : 14-18 lpm
Weight : 4.0kgs/ 8.8lbs
Size : L26 x W14.5 x H20 cm

mini air compressor

Densei Air

MIA 01FR

Product Description

Compact- Quite - Reliable – Powerful
Low maintenance, oil-less piston air compressor
Compressor shuts itself off automatically when not in use
Produces full capacity air on demand
Moisture filter prevent pulsation
Quiet to operate at home, even in an apartment or dorm
Great for the occasional and professional artist doing general airbrush applications

- Detachable moisture filter with air regulator and gauge set
- Zero- maintenance, oil-less piston air compressor
- Auto On/Off of 40 psi/60 psi

Product Details

Airflow : 14-18 lpm

Weight : 4.2kgs/ 9.3lbs

Size : L26 x W14.5 x H21.5 cm

MIA 03

Product Description

Twin Cylinder Design
Compact- Quite - Reliable – Powerful
Low maintenance, oil-less piston air compressor
Compressor shuts itself off automatically when not in use
Produces full capacity air on demand
Quiet to operate at home, even in an apartment or dorm
Great for the occasional and professional artist doing general airbrush applications

- Zero- maintenance, oil-less piston air compressor
- Auto On/Off of 60 psi/80 psi

Product Details

Airflow : 23-26 lpm

Weight : 5.4kgs/ 11.9lbs

Size : L28 x W14.5 x H17 cm

mini air compressor

MIA 0102FR

Product Description

Compact- Quite - Reliable – Powerful
Low maintenance, oil-less piston air compressor
Compressor shuts itself off automatically when not in use
Produces full capacity air on demand
Moisture filter prevent pulsation
Quiet to operate at home, even in an apartment or dorm
Great for the occasional and professional artist doing general airbrush applications

- 2.5 liter air storage tank
 - Stored air normally cools which is better for maximum moisture separation
 - Less heat-related moisture build up
 - Air reserve for spraying at higher air pressures
 - Detachable moisture filter with air regulator and gauge set
 - Zero- maintenance, oil-less piston air compressor
 - Auto On/Off of 40 psi/60 psi

Product Details

Airflow : 14-18 lpm

Weight : 5 kgs / 11 lbs

Size : L28 x W130 x H31.5 cm

MIA 0303FR

Product Description

Twin Cylinder Design
Compact- Quite - Reliable – Powerful
Low maintenance, oil-less piston air compressor
Compressor shuts itself off automatically when not in use
Produces full capacity air on demand
Moisture filter prevent pulsation
Quiet to operate at home
Great for the occasional and professional artist doing general airbrush applications

- 3.5 liter air storage tank
 - Stored air normally cools which is better for maximum moisture separation
 - Reduces running time
 - Less heat-related moisture build up
 - Air reserve for spraying at higher air pressures
 - Detachable moisture filter with air regulator and gauge set
 - Zero- maintenance, oil-less piston air compressor
 - Auto On/Off of 60 psi/80 psi

Product Details

Airflow : 23-26 lpm

Weight :7.1 kgs/ 15.6 lbs

Size : L33 x W14.5 x H31.5 cm

mini air compressor

MIA 0102T10

Product Description

The MIA0102T10 is a new flat tank designed compressor. It has 1.5L air storage tank. The flat tank designed reduces the height of the compressor. It saves space compared to the traditional round tank design.

Compact- Quite - Reliable- Powerful

Low maintenance, oil-less piston air compressor

Compressor shuts itself off automatically when not in use

Produces full capacity air on demand

Moisture filter prevent pulsation

Quiet to operate at home, even in an apartment or dorm

Great for the occasional and professional artist doing general airbrush applications

- 1.5 liter air storage tank
- Stored air normally cools which is better for maximum moisture separation
- Less heat-related moisture build up
- Air reserve for spraying at higher air pressures
- Detachable moisture filter with air regulator and gauge set
- Zero- maintenance, oil-less piston air compressor
- Auto On/Off of 40 psi/60 psi

Product Detail

Airflow : 14-18 lpm

Weight : 6.4 kgs/ 13.2 lbs

Size : L30 x W15 x H32 cm

MIA 0302T30

Product Description

The MIA0302T30 is a new flat tank designed compressor. It has 1.5L air storage tank. The flat tank designed reduces the height of the compressor. It saves space compared to the traditional round tank design.

Twin Cylinder Design

Compact- Quite - Reliable- Powerful

Low maintenance, oil-less piston air compressor

Compressor shuts itself off automatically when not in use

Product Detail

Airflow : 23-32 lpm

Weight : 7.6 kgs/ 16.7 lbs

Size : L30 x W15 x H32 cm

mini air compressor

MIA 0302U

Product Description

TMIA 0302U has unique protective frame with side-mounted 2.5-liter air tank. This powerful compressor will adjust the air pressure to your preferred level by the built-in air regulator and gauge. The compressor will shut off automatically when not in use.

- 2.5 liter air storage tank
- Stored air normally cools which is better for maximum moisture separation
- Reduces running time
- Less heat-related moisture build up
- Air reserve for spraying at higher air pressures
- Detachable moisture filter with air regulator and gauge set
- Zero-maintenance, oil-less piston air compressor
- Auto On/Off of 60 psi/80 psi
- 2 way air outlet

Product Detail

Airflow : 23-32 lpm

Weight : 8.6 kgs/ 18.9 lbs

Size : L29 x W28 x H26.5 cm

MIA 0302U30

Product Description

The MIA0302U30 is a new flat tank designed compressor. It has 1.5L air storage tank. The flat tank designed reduces the height of the compressor. It saves space compared to the traditional round tank design.

Size : L33 x W17 x H32 cm

mini air compressor

MIA 0302US

Product Description

MIA 0302SU has unique protective frame with side-mounted 2.5-liter STAINLESS STEEL air tank. This powerful compressor will adjust the air pressure to your preferred level by build in air regulator and gauge. The compressor will shut off automatically when not in use.

- 2.5 liter STAINLESS STEEL air storage tank
- Stored air normally cools which is better for maximum moisture separation
- Reduces running time
- Less heat-related moisture build up
- Air reserve for spraying at higher air pressures
- Detachable moisture filter with air regulator and gauge set
- Zero- maintenance, oil-less piston air compressor
- Auto On/Off of 60 psi/80 psi
- 2 way air outlet

Product Detail

Airflow : 23-32 lpm
Weight : 8 kgs/ 17.6 lbs
Size : L29.5 x W22 x H24 cm

MIA 0202FRS

Product Description

MIA 0202FRS is designed with a large capacity air storage tank (2.5 liters) with protective metal case, which has 2 removable airbrush holders. compressor has an air tank system that provides consistent airflow with minimal pulsations. It provides the most airflow to meet the needs of the users. It's excellent for occasional or professional airbrush users doing general or extended airbrush applications.

- 2.5 liter air storage tank
- Stored air normally cools which is better for maximum moisture separation
- Reduces running time
- Less heat-related moisture build up
- Air reserve for spraying at higher air pressures
- Detachable moisture filter with air regulator and gauge set
- Zero- maintenance, oil-less piston air compressor
- Auto On/Off of 40 psi/60 psi

Product Detail

Airflow : 23-28 lpm
Weight : 9 kgs/ 19.8 lbs
Size : L28.5 x W16 x H28.5 cm

mini air compressor

MIA 0303FRS

Product Description

MIA 0303FRS is designed with a large capacity air storage tank (3.5 liters) with protective housing. The protective outer case will be seamlessly integrated into your working environment and protect the relevant regulator, filter and gauge accessories. With two air outlets and an attached air tank, allowing the user to manage the workspace with greater flexibility. It's excellent for occasional or professional airbrush users doing general or extended airbrush applications.

- 3.5 liter air storage tank
- Stored air normally cools which is better for maximum moisture separation
- Reduces running time
- Less heat-related moisture build up
- Air reserve for spraying at higher air pressures
- Detachable moisture filter with air regulator and gauge set
- Zero- maintenance, oil-less piston air compressor
- Auto On/Off of 60 psi/80 psi

Product Detail

Airflow : 23-32 lpm

Weight : 12.5 kgs/ 15.6 lbs

Size : L35 x W16.5 x H35 cm

MIA 01RS

Product Description

The MIA 01RS features a streamlined arc designed metal housing which protects the regulator and gauge. The users can also design their unique outlook since the compressor provides a smooth case. The handle grip filter helps reducing moisture in the output air. MIA 01RS is the ideal item for the airbrush hobbyist.

- With handle grip filter
- Case mounted pressure regulator and gauge
- 2M braided hose
- Detachable airbrush holder
- Zero- maintenance, oil-less piston air compressor
- Auto On/Off of 40 psi/60 psi
- Suitable for makeup, body art, nail art and other general arts

Product Detail

Airflow : 14-18 lpm

Weight : 5.4 kgs/ 11.8 lbs

Size : L27 x W15 x H24 cm

mini air compressor

MIA 0202S20

Product Description

MIA 0202S20 is a new designed with a capacity flat air storage tank (1.5 liters) with protective metal case, which has 2 removable airbrush holders. The compressor has a flat air tank system that provides consistent airflow with minimal pulsations. The flat tank reduced the height of the compressor and saves space compared with the traditional round tank, which allows the user to manage the workspace with greater flexibility. It provides the most airflow to meet the needs of the users. It's excellent for occasional or professional airbrush users doing general or extended airbrush applications.

- 1.5 liter air storage tank
